WHAT'S ON NOW

Currently the partners are working on the INTERACTed Learning Toolkit. At the moment they are conducting a literature review at a national level concentrating on existing learning toolkits that utilize IDN/IDS, examples of pedagogical approaches that integrate IDN/IDS, as well as IDN/IDS tools that are free and open source.

TRANSNATIONAL MEETING IN THESSALONIKI

On the 12th & 13th of July 2022, the partners met in person for the first time and had a fruitful discussion about the upcoming steps of the project.

PROFESSIONAL DEVELOPMENT PROGRAMME LITERATURE REVIEW

The partners researched into curricula requirements across Europe in primary education and especially in the partner countries to see potential topics for use in the design of the professional development programme, while also mapping the current state of play of IDS initiatives in their country's primary school curricula.

Co-funded by the Erasmus+ Programme of the European Union

The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein. Project code: KA220-SCH-7704DAE6

NEXT STEPS

Design of pedagogical scenarios:

The partners will design digital storytelling activities that will correspond to different pedagogical scenarios and subjects.

Assessment framework for evaluation of learning outcomes for students:

Audit tools for feedback regarding the toolkit will be developed.
